

ERRATUM

ASSOCIATION OF ISOMETRIC STRENGTH OF HIP AND KNEE MUSCLES WITH INJURY RISK IN HIGH SCHOOL CROSS COUNTRY RUNNERS, Volume 10, Number 6, November 2015, Pages 868-876.

It has come to the attention of the authors that there is incorrectly reported data in Table 1, regarding strength measurements. Data were reported in pound-meters/kg instead of Nm/kg, as intended. The authors and the editorial staff regret this oversight and provide the corrected table to replace Table as was initially published.
